## A Little Bit About Me

I've been living in McMinnville about 15 years. I love the small hometown atmosphere. It is the ideal location between the ocean & mountains, near family, friends, church and work. I work for a group of Physicians & Surgeons/Ophthalmologists.

Mike (Cunningham) and I had two daughters. Trish lives in LaGrande with her husband and two kids. Nicole died in 2003 of complications from cystic fibrosis. She left behind an amazing story of faith and medical miracles...I love sharing her testimony.

January 2004, I married Gary Freuler. Class of 73...McMinnville High School.

We enjoy hiking, photography, visiting grandkids and vacationing in a different National Park every year. We've been blessed with good health, jobs and most of our sanity.

I look forward to catching up with The Viking Crew of 72!
